Welcome to Shetland Vets Pet Health Plan

The Shetland Vets Pet Health Plan makes your pets' preventative health care easy & affordable.

Spreading the annual cost of household bills is now part of our daily lives, saving time & money. Our Health Plan covers the essential treatments your pet needs throughout life, such as vaccinations, flea, tick & worm treatments, and regular health checks.

Extra benefits of the Health Plan include discounts on other products & services at Shetland Vets.

Our pet plans include

- ✓ Regular checks and maintenance of good general health for your pet
- ✓ Convenient monthly payments for routine services
- ✓ Exclusive discounts on selected products & services

Our practice membership scheme has been set up to enable you to spread the cost of routine preventative health care. This allows us to provide you with the support you need to keep your pet fit and healthy year after year. It allows us to administer the appropriate vaccines, wormers and flea treatments at the correct time with minimal financial impact to you, the owner.

In addition, a thorough clinical examination allows us to carefully assess the general health of your pet and offer advice, support and treatment planning, which in many cases can prevent problems arising in the future.
